Collage Artist & Graphic Designer

If we can excel at a job that we hate, **IMAGINE** what we're able to **manifest** doing things that we truly **Love**.

My Purpose:

My mission is to become a SPIRITUALLY UPLIFTING ARTIST by sharing my visions. I wish to HELP OTHERS get clear on their goals & inspire them to take action. I do this by creating custom COLLAGES with POEMS, plus NUMEROLOGY profiles.

My Strengths:

- ★ I love to SOLVE PROBLEMS - even when others say it can't be done.
- ★ My CURIOSITY makes me collect things, read voraciously & explore unique places.
- ★ I can FEEL PEOPLE DEEPLY & understand their true underlying emotions.
- ★ I believe WE'RE ALL CONNECTED with a purpose & things happen for a reason.
- ★ I naturally bring a vibrant LIFE TO WORDS which can captivate listeners.

A Typical Day:

1. Meditation, yoga & qigong, outdoor physical activity
2. Researching internet marketing, brainstorming & building my website
3. Making art, writing poems, designing books & numerology reports
4. Preparing healthy meals, listening to music, watching videos, pleasure reading
